Key Insights

- ✦ Total Customers: 7,043
- ✦ Churn Customers: 1,869 (26.54% of customers)
- ✦ Customers with Month-to-Month contracts have the highest churn rate.
- ✦ Fiber Optic internet users churn more frequently than DSL and No Internet users.
- ✦ Customers using Electronic Check as the payment method show higher churn.
- ✦ Senior Citizens have a relatively higher churn rate than non-senior customers.
- ✦ Gender has little impact on customer churn, as male and female churn rates are similar.
- ✦ Customers with One-Year and Two-Year contracts are more likely to stay, indicating better customer retention.
